

## Walk Report

**Women's Walk 1414 December 6 - 9, 2007**  
**LD: Lori Norton (512) 264-1025**

Team 1414 just completed their second team meeting. Next month will be busy with a third team meeting and then packing the trailer! We have 16 pilgrims last count and many more being sent in — I am told. What a fantastic team we have. God surely knew what he was doing! These ladies (and gentlemen) are incredible. Talks have been absolutely fantabulouse!

## A Note from our Lay Director

Please start thinking about Walks for 2008. If you are interested in working a walk, please turn in your team application to a 2008 Lay Director and to Russell Ehrlich. We are excited about some of the upcoming events for our community and will be asking you to help with the transition we are making to a working board. Together we are building a strong foundation, and thank you for all those that have offered to serve on the board.

DeColores, Kelly Nolan

## Walk Report

**Men's Walk 1399 October 11 - 14, 2007**  
**LD: Mackey Welch (512) 312-0224**

Well things are looking great! God is good! We have 30 pilgrims on the list, but don't let that stop you! That means we have room for 6 more pilgrims and wouldn't it be a Blessing for Gavin to have a pilgrim list from overflow. We have one team meeting left and the agape needs list is taken care of. Hope to see everyone at the Team Consecration in October and of course Candlelight at the Walk. Thanks to everyone for your continued support. Blessings to all. DeColores, Mackey Welch
